Yeasts and Moulds:	< 10	< 10	cfu/g
Enterococci:	< 100	< 100	cfu/g
Clostridia Spores:	< 10	< 10	cfu/g
Listeria monocytogenes per 25 g:	Absent	Absent	
Salmonella per 25g:	Absent	Absent	

Comments

Refer to the Product Description for other non-batch related information.

This product batch has been manufactured and released in compliance with FSSC 22000.

The material property data reported in this CoA are representative values obtained in laboratory tests conducted on a product sample taken from the batch produced. DuPont certifies that the values reported are the results of the tests conducted. DuPont makes no warranty regarding those values or the product in this CoA, including as to fitness for a particular purpose or merchantability of goods produced from this supplied product or the supplied product itself, except for warranties expressly stated in the DuPont Product Description (PD) or otherwise agreed in writing by DuPont. All other warranties are specifically excluded. DuPont's standard terms and conditions apply to the sale of the supplied product unless otherwise agreed in writing by DuPont.
